To Whom It May Concern:

This letter of commitment confirms that Benevolent Healthcare Foundation, d.b.a. Project C.U.R.E., a Non-Profit organization, is available and committed to work in partnership with Bakary J. Sonko, Ph.D., representative of the Sika Development Fund, to help improve the healthcare infrastructure for people in medically under-resourced communities outside of the United States.

Since 1987, Project C.U.R.E. has provided donated medical supplies and equipment, trainings, and services to hospitals and clinics around the world. The purpose of their work is to increase the delivery of high-quality healthcare services, to improve sustainability of community health systems, and to provide increased access and treatment to underserved populations in developing countries.

PROJECT C.U.R.E. is prepared to work with Dr. Sonko, by providing donated medical supplies and equipment through its CU.R.E. Cargo program to support hospitals/clinics in Sika, The Gambia. The estimated fee for participation is this program is $4,000 for the Needs Assessment and approximately US$25,000-US$35,000 per 40-foot shipping container (depending upon final destination), which will be paid for the aforementioned individual and designated donors. The value of this donation is US$350,000 – US$450,000 per container.

With Deep Respect and Appreciation,

Laura B. Conti
Director of Client Relations
Project C.U.R.E.
